

If you have a health savings account (HSA) or flexible spending account (FSA), you can use pre-tax dollars to cover eligible expenses. To help better understand what is and isn't eligible, we've developed a list of both. For a more detailed list of eligible and ineligible expenses, log in to umr.com.

## **Eligible expenses**

Expenses that could be considered dual purpose (having both medical and personal benefits) may need a medical practitioner's note explaining the diagnosis and treatment action that is needed for this specific medical condition. This list is not meant to be all inclusive.
