NATIONAL SEATING & MOBILITY ANNOUNCES AGS HEALTH AS STRATEGIC PARTNER TO OVERSEE REVENUE CYCLE MANAGEMENT SOLUTIONS

NASHVILLE, Tenn. (Feb. 23, 2023) — National Seating & Mobility (NSM), North America's largest provider of comprehensive mobility solutions, has chosen AGS Health (AGS), a leading revenue cycle management (RCM) solutions provider, as a strategic partner to perform the revenue cycle management administrative operations related to funding, billing and collections. The partnership is expected to maximize NSM's revenue cycle performance through continuous process- and tech-enabled productivity improvements, while improving quality and cycle times for clients.

AGS will handle most of the administrative tasks related to funding, billing and collections. NSM will continue to oversee and strategically guide revenue cycle operations and handle all customer interactions with clients and referral sources.

"While this is clearly the right decision to further strengthen our business, it will impact current team members," said Bill Mixon, Chief Executive Officer of NSM. "To that end, we have been working with several external organizations to provide the support and resources needed to help those impacted."

"We are continually looking for new and different ways to advance our operations and better serve our clients, including through external partnerships like AGS," Mixon continued. "AGS has more than a decade of industry-leading experience helping healthcare providers nationwide improve the performance of their revenue cycle. The company offers a variety of services and solutions with specialized staff, highly efficient processes and advanced technologies. Their experience and excellent reputation, teamed with core values and culture that closely align with ours, led us to select AGS as NSM's revenue-cycle partner."

About National Seating & Mobility

With a network of 200+ locations across the U.S. and Canada, National Seating & Mobility (NSM) is North America's largest and most trusted provider of comprehensive mobility solutions including complex rehab technology (CRT), home and vehicle accessibility, and full-service maintenance and repair. NSM has been advancing independence and enhancing the quality of life of individuals who use mobility solutions for more than 30 years. The company has more than 2,600 dedicated team members caring for more than 300,000 clients annually. Since 2006, NSM is the only national mobility solutions provider that is accredited by [The Joint Commission](https://www.jointcommission.org/) and voluntarily undergoes a rigorous review process every few years to ensure and validate the company's commitment to providing safe, quality care for our valued customers.
